Course Requirements (At UBC: one full year course = 6 credits, one half year course = 3 credits)	**Courses Completed**	**Courses in Progress**
1) 30 credits of arts and science, including 6 credits of English (two courses in English literature or the combination of 3 credits of English literature and 3 credits of English composition. Courses in technical writing, creative writing, business writing or communication **are not** accepted). University level courses in English, history, geography, anthropology, sociology, political science, psychology, art, music, biology, chemistry, geology, physics, math, French etc. are acceptable. ▪ *Courses of a professional or vocational nature (e.g. courses in education, nursing, child & youth care, real estate, cabinet making, cooking etc.) are not accepted for the arts/science requirement.* ▪ *Courses in kinesiology that are sport based are not accepted.*		
2) Technical Courses The two-year BCIT technology teacher education diploma or equivalent. Courses must include all of the following: information technology; materials and process technology in a variety of disciplines (wood, metal, electronics, automotive, CAD, plastics); systems integration technology; and safety.		

Admission Average Calculation:
A minimum average of 65% is required calculated as a cumulative average of the two years of technical courses to be eligible for admission consideration.

Recommended Steps to Becoming a Technology Education Teacher:

1. A student who is interested in teaching technology education in secondary school first completes 30 credits of arts and/science (as described in the above 1), including 6 credits of English.
2. On completion of the 30 credits of arts and/or science requirement, the student applies for the BCIT Technology Teacher Education (TTE) Diploma Program.
3. On completion of the BCIT TTE diploma, the student applies to UBC Faculty of Education for admission to the Bachelor of Education (teacher education) – secondary option in technology education.
4. On completion of the teacher education program, the student is recommended for the Bachelor of Education degree and for a professional teaching certificate.
5. Where appropriate and at the discretion of the Head, BCIT TTE program, a student who has not completed all 30 credits of arts and/or science may be admitted to BCIT to enroll in the technology teacher education diploma program. However, the student must have completed 6 credits of English.
6. Students admitted to the BEd (teacher education) – secondary technology education program without having satisfied the 30 credits of arts/science requirement must complete their remaining arts/science credits before they can graduate from the Bachelor of Education program or be recommended for a professional teaching certificate.
7. Students who have completed the UBC teacher education program but who still need to complete their remaining arts/science credits may be recommended for a conditional teaching certificate if they have completed at least 18 of the required 30 credits, which must include the 6 credits of English requirement.
8. The French immersion option is not available for Technology Education.
