3. CAT 2 - LLED 352

Dr. Wernicke presented the Category 2 LLED 352 course title change to the committee. As this course takes on a multilingualism approach and familiarizes teacher candidates in teaching a second language, this title change reflects the inclusion of all languages. In January, a section of LLED 352 will be piloted in the Indigenous Education cohort as a model of this revised course. The word "Reclaiming" has been added to the title in consultation with Dr. Kovach. This will be an ongoing discussion of how we understand language and how we look at minoritized languages in Canada.

Table with 3 columns: Names (Kathryn Accurso, Cynthia Nicol), a closing brace symbol, and the resolution text: "That the changes to CAT 2 - LLED 352 be approved as amended."

Carried

#### **4. Terms of Reference**

An updated CCASA Terms of Reference draft dated April 20, 2021 was circulated. The Chair asked department representatives to take it back to their departments and check whether this draft is appropriately reflecting what this committee is doing. The role of CCASA, and specifically how it relates to appeals of Academic Standing in undergraduate courses in our Faculty is currently being discussed. Please bring your feedback to the next meeting.

#### **5. Other business**

John updated the committee that the EPSE courses credit change has been reflected in the dual degree in Mathematics and Physics. The EDUC 430 Community Field Experience has been added to the timeline of required courses. It needs to be taken prior to the 5<sup>th</sup> year of the dual degree program.

This is an information item for the committee as the Category 2 change will be processed by the Faculty of Science.
